

Future Collaboration Opportunities: Integrating HCCs and the RDHRE

- 1. What are your biggest challenges as an HCC outside of time and funding?**
- 2. Where do you see the RDHRE in meeting these challenges?**
- 3. What has been successful?**

- 1. What are the key strengths and resources that HCC and RDHRE can bring to regional preparedness efforts?**

- 2. How can these strengths complement each other in a collaborative effort?**

- 1. Are there resources such as equipment, personnel, or data, that could be shared between HCC and RDHRE to improve preparedness?**
- 2. How can resource-sharing agreements be structured?**
- 3. What is out there, what do you have, how do we increase the communication and collaboration?**

- 1. Are there any additional ideas or concerns that haven't been discussed?**
- 2. What reflections or insights have emerged from this discussion?**

Are there legal or regulatory aspects that need to be addressed in collaborative efforts, such as data sharing or liability protection?
